Subject:- Feasibility of implementation of recommendation of 7th CPC for revision of pension of pre-2016 pensioners

This is regarding examination of feasibility of implementation of recommendations of 7th CPC for revision of pension of pre-2016 pensioners. The Department of Pension and Pensioners' Welfare has been examining scenario in revision of pension on following basis:

- (i) Increment method-by taking into account increment earned in the pay scale at the time of retirement (1st method)
- (ii) 2.57 fitment method- by multiplying the existing pension as on 31.12.2015 by a factor of 2.57(2nd method)
- (iii) Modified parity method, i.e. 50 % of the minimum of pay in the pay matrix of 7th CPC in the corresponding level(3rd method)
- (iv) Actual pay fixation method (upto 7th CPC) (4th method)

A sample calculation on above methods is attached.

2. A list of cases where the above calculation method is to be applied, is enclosed at **Annexure-I**. The format in which information is to be supplied in each case is attached as **Annexure-II**.

3. It is mentioned that cases have been selected by DoP&PW randomly and many of these are old cases. Information in such cases would be possible only by concerted efforts and by assigning the specific task to concerned officers in the circle or DAP concerned. It is presumed that information in respect cases of different categories of officers/officials would be available in DAP, Circle office or Concerned Divisions. Wherever required, Circle office would provide required information. The difficulties faced in collecting information and anomalies noticed may also be indicated.
